

## Addizioni semplici

**Calcola il valore delle seguenti addizioni e controlla il risultato.**

*Esempio:*  $87 + 64 = 151$

- |                             |                        |              |
|-----------------------------|------------------------|--------------|
| 1. $17 + 22$                | $34 + 27$              | [39, 61]     |
| 2. $36 + 39$                | $40 + 31$              | [75, 71]     |
| 3. $23 + 21$                | $94 + 23$              | [44, 117]    |
| 4. $52 + 49$                | $65 + 49$              | [101, 114]   |
| 5. $73 + 57$                | $75 + 59$              | [130, 134]   |
| 6. $53 + 38$                | $97 + 75$              | [91, 172]    |
| 7. $86 + 74$                | $89 + 89$              | [160, 178]   |
| 8. $96 + 83$                | $99 + 87$              | [179, 186]   |
| 9. $63 + 33$                | $87 + 22 + 31$         | [96, 140]    |
| 10. $82 + 68$               | $64 + 27 + 61$         | [150, 152]   |
| 11. $23 + 45 + 72$          | $43 + 54 + 28$         | [140, 125]   |
| 12. $95 + 70 + 37$          | $84 + 93 + 94$         | [202, 271]   |
| 13. $122 + 134 + 231$       | $240 + 239 + 182$      | [487, 661]   |
| 14. $657 + 729 + 312 + 110$ | $342 + 453 + 222 + 93$ | [1808, 1110] |
| 15. $345 + 321 + 654$       | $870 + 220 + 47$       | [1320, 1137] |
